RE: Response to Subpoena Duces Tecum for Life Church DC Inc.

Dear Kevin:

In response to your subpoena to Life Church DC Inc. for "signed copy of the Constitution and Bylaws of Life Church DC Inc. that were in effect during June and July 2016", my clients represent that they were not able to locate any formal signed documents that fit that description. As you know and already have a copy, they did locate a Constitution and Bylaws dated October 2016 which is signed for the incorporated church. However, during the period in question, they did rely on VA Code Section 13.1 for its general powers and operational guidelines and also the Bible and Biblical documents for spiritual guidelines like church discipline about which you are inquiring. We understand that this letter will fully satisfy your subpoena duces tecum.

Sincerely,

H. Robert Showers,
Legal Counsel for The Life Church, D.C.
